THE TEAM

CAMP

The Spain football camp in Poland was born from the idea that players from Poland have the opportunity to learn about another training methodology used in professional clubs in Spain.

For 4 days, players will experience training with Spanish coaches from professional grassroots football clubs in Spain and improve all aspects: technical, tactical, physical, and psychological aspects of football, in a first-class sports facility environment.

Throughout the camp, in addition to training with a professional methodology, scouts from clubs in Spain and professional clubs from all over Poland will be present, allowing the players to showcase their level and potential and seek out new opportunities.
